We, at Dinabandhu Mahavidyalaya, are committed to provide its students with the most sophisticated and technologically advanced form of education. The college authority has taken the initiative for making more and more members of its teaching faculty conversant with the fundamentals of ICT-based teaching. Several teachers were sent to attend ICT-themed workshops and seminars held in various educational institutions round the year. Orders have been placed for procuring equipment essential for the imparting of this sophisticated medium of education, including laptops, digital projectors, makeshift screens, etc. A serious effort is already in effect towards making more and more classrooms ICT-compliant. The teachers of various departments are already providing their students with web-based materials and resources.
